# WELLA SKIN TEST PROCEDURE

It is a health and safety requirement that clients must have a skin test at least 48hrs prior to any colouring service. For eyelash and eyebrow tinting a patch test can be sent to you or you could collect it from our reception. For hair colouring, the new Wella skin test procedure is done at the College and must be left on the skin for 45 minutes. If there is no change to the original consultation, this skin test is valid for 6 months. **No colour treatments are carried out on children under the age of 16.**

## Please note:

No babies or toddlers are allowed in the salons.
