MINUTES of the MEETING of the HUMAN RESOURCES COMMITTEE held in the Boardroom, 1 Inverness Campus on Thursday 2 March 2017

PRESENT: Mick Longton, Lindsey Mitchell, Diane Rawlinson, John Wilson

CHAIR: John Wilson

APOLOGIES: Brenda Dunthorne

ATTENDING: Director of Organisational Development

College Secretary

1. MINUTES

The Minutes of the Meeting of the Human Resources Committee held on 1 December 2016 were **AGREED** as a correct record and were **APPROVED** and signed.

2. MATERNITY AND PARENTING LEAVE POLICY

A number of revisions had been made to the maternity and parenting leave policy and these had been discussed at Scrutiny Panel in June 2016 and at SMT in January 2017. The revisions were highlighted in a covering report.

The Committee **AGREED** to recommend the revised policy to the Board of Management for approval.

The Chair requested that item 3 on the agenda, organisation and professional development strategy be considered at the end of the meeting. This was agreed.

3. EQUALITY OUTCOMES ANNUAL REPORT – APRIL 2017

A report by the Director of Organisational Development highlighted the public sector equality duty, the college and regional outcome agreement and the Scottish Funding Council reporting requirements going forward.

In line with the Institutional Leadership and Governance theme was the Board of Managements' performance over the period 2013 – 2017 in relation to the Scottish Government 2020 target to achieve gender balance in Board membership. There was evidence to show the consistency of gender balance over the last four years

The Committee **NOTED** the report.

4. HUMAN RESOURCES REPORT – QUARTER 1 - 2016/17

A report by the Director of Organisational Development presented qualitative analysis of key HR measures surrounding turnover and absence. The key issues to note were as follows:-

 The anticipated turnover expected at the beginning of 15/16 was realised at the beginning of 16/17. This effect was largely attributed to the lecturer pay rise and collective pay bargaining. Staff remaining in employment beyond retirement age was likely to continue into 2017/18 as further

- expectations of pay progression impacted on their final salary projections.
- Permanent teaching numbers had stabilised while there was an increase in fixed term teaching staff. Hourly paid supply staff had reduced considerably. The overall increase in temporary fte was due to a number of factors:
- Year on year growth in HE activity
- Year on year realisation of FE target
- Development of HE programmes
- There were 22 leavers, 7 of which were anticipated retirements. Twelve were resignations, 2 fixed term contracts came to an end and 1 permanent support staff member retired on ill-health grounds.
- There were 34 starters, 18 of whom were support staff and 16 were teaching staff
- Sickness absence totalled 453.5 days, equivalent to 2.2%. This was a decrease on Q4 2015/16 (2.5%) and was consistent with seasonal patterns of absence in previous years.
- 3 members of staff met the long term sickness absence trigger for stress/anxiety (13 or more consecutive days).
- Three employees remained absent from Q4 2015/16 with long term sickness for debility and musculoskeletal reasons (28 days or over)
- The most common reason for absence was musculoskeletal with 107.5 (23.7%) days lost across 6 separate episodes, followed by stress/anxiety with 101 (22.3%) days lost across 6 episodes.

The Committee discussed the report and **REQUESTED** that analysis of resignations and long term sickness be included in future reports and suggested that the very low absence rate should be reinforced by setting the figures in a wider context, highlight comparisons with other sectors where possible.

5. IIP GOLD FINAL REPORT

The Chair congratulated everyone involved in the achievement of the Gold award and referred to the significant progress which had been made in the College. The final report was extremely positive.

The Director of Organisational Development advised that going forward, there would be a review process to achieve annual reaccreditation. There was discussion on whether the College should seek to achieve the Platinum award and it was agreed that there could be tangible benefits.

If the College went for the Platinum award it might also influence other Academic Partners to go for the Gold Award. The most important aspects however were around the IIP framework which provided assistance in the drive for continuous improvement, and also as an excellent external validation of the College's progress and achievement.

The Committee **NOTED** the report.

6. NATIONAL PAY BARGAINING

A report by the Director of Organisational Development provided a comprehensive update on the agreed negotiated settlements for academic and support staff in both 2015/16 and 2016/17.

The Director of Organisation Development advised that the modernisation programme was still to be determined but was progressing quickly given the timescales and assurances provided alongside the two year pay settlement. The pace was a risk as key aspects including the role of the lecturer and establishment of modern and more flexible terms and conditions could impact on pay progression and might not reflect the UHI dimension.

Despite meetings being held in February, EIS FELA confirmed their dispute on the grounds of failure to agree the implementation of the NJNC March pay agreement. Management side again set out their position that the terms of the agreement was a total package with pay and conditions of service inextricably linked. EIS FELA maintained their position that these should be separate.

A non-statutory indicative ballot for industrial action opened on 17th February with a closing date of Friday 3 March. It was highly likely that a statutory ballot would follow and further industrial action would progress before/after the Easter break.

The Committee discussed the position and **AGREED** that it was important that the main identified risks and the consequences be documented by way of a series of bullet points and presented to the Board of Management.

7. ORGANISATION AND PROFESSIONAL DEVELOPMENT STRATEGY

The Chair set the scene for this item, explaining that this followed on from the previous Strategic Planning Day and subsequent Chairs Meeting to discuss next steps. As a result, each committee was tasked with reviewing relevant, appropriate sub strategies, to ensure alignment with the 2017/2020 College Strategic Plan and also to identify Key Performance Indicators specifically for the Committee and Board to concentrate on.

The Director of Organisational Development had subsequently produced a single strategy, combining the two previous ones and the Committee agreed the combination of strategies

A covering report by the Director of Organisational Development advised that the strategy provided a route map for continuous improvement and growth. There were 6 strategic objectives which aligned to the strategic aims within the strategic plan 2017-20.

The Committee discussed at length the proposed KPIs and **AGREED** to combine two and delete three KPI's from the list presented. The Committee **REQUESTED** the Director of Organisational Development to review the wording of the remaining KPIs to ensure they were meaningful, to add targets where possible, and to provide an interim update to the committee for any comments in advance of the next meeting at the end of May.

The following items were included in the agenda for noting only and therefore no discussion took place at the meeting.

Recommendation:

The HR Committee is asked to recommend the performance indicators to be monitored by the Committee to the Board of Management for approval.

Background

The Organisation and Professional Development Strategy was agreed at the HR Committee on the 2 March 2017, subject to some amendments and further development of KPIs.

The following PIs were developed in response to feedback from Committee Members and are presented for agreement.

Performance Indicators

PI	TARGET
Diversity Profile of Staff in light of local and national demographic	Profile of our staff reflects the demographic profile of our community.
Diversity Profile of Students in light of local and national demographic	Profile of our students reflects the demographic profile of our community.
Proportion of staff with a recognised teaching qualification	95% of all permanent staff have a teaching qualification or are working towards a teaching qualification.
Proportion of Staff with a Post Graduate Qualification at SCQF level 10 or above	100% of staff delivering undergraduate degree programmes qualified to level 10 or above.
Proportion of Managers with a recognised Management Qualification	95% of all managers have a recognised management qualification or are working towards one.
Average number of CPD hours per member of staff	Full time staff record a minimum of 42 hours per annum, pro rata for part time staff.
Proportion of all staff completed PDR	100% of all staff have a PDR once a year.
Absence	3%

These targets are realistic while presenting appropriate challenge. Although the College would wish to have greater diversity in staff and student cohorts, we recognise the lack of diversity in the Highlands and Islands. That said, the College is proactive in its marketing and ensures that all materials project our organisational values and inclusive policies.

The College has maintained high levels of teacher qualification amongst staff and is committed to doing so. We are also rigorous in ensuring that staff are appropriately qualified to teach programmes and have invested significantly in higher degree qualifications for staff.

Our leadership and management development programmes have proved to be effective but we do accept the value of investing in formally accredited management training.

Lecturers are expected to undertake a minimum of 6 days CPD each year. The College however also makes provision for on-going CPD for support staff. This is reflected in the target above.

Our expectation is that all staff will have an annual PDR interview and furthermore, that this will be linked to our competency framework.

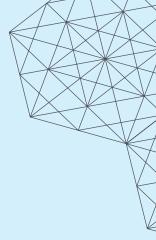

Although our absence rate compares favourably with the public sector average, we are committed to maintaining this level of performance and have set the target accordingly.

Recommendation:

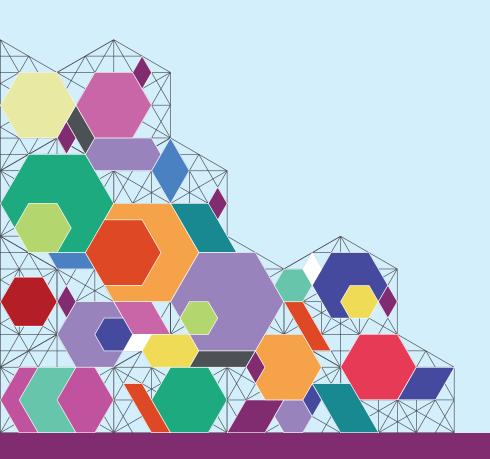

The HR Committee is asked to recommend the performance indicators to be monitored by the Committee to the Board of Management for approval.

Recommendation(s)

The HR Committee is asked to discuss the HR related Risks as outlined in the attached corporate risk register.

Risk Description (Succession Planning)

'Disruption to services/projects and/or partnership working resulting from loss of a key staff member.'

Causes

Retirement, resignation or death in service of key staff member(s). Inadequate succession planning. Unsystematic management of corporate knowledge,

Associated knock-on impacts resulting from transition arrangements with staff acting up and possible failure of backfill solutions.

Impacts/Evidence

Projects delayed due to loss of continuity, corporate knowledge gaps and disruption/loss of established relationships and contacts.

Actions to Minimise Risk in Place

A workforce planning process has been adopted to anticipate future skill need. Staff development funding is aligned with the strategic plan to support succession planning and in particular the development of skill sets to support future curriculum developments. The College has developed systematic recording of corporate procedures and corporate knowledge. A systematic approach has been taken to the development of supervisory skills and leadership and management skills to support succession planning.

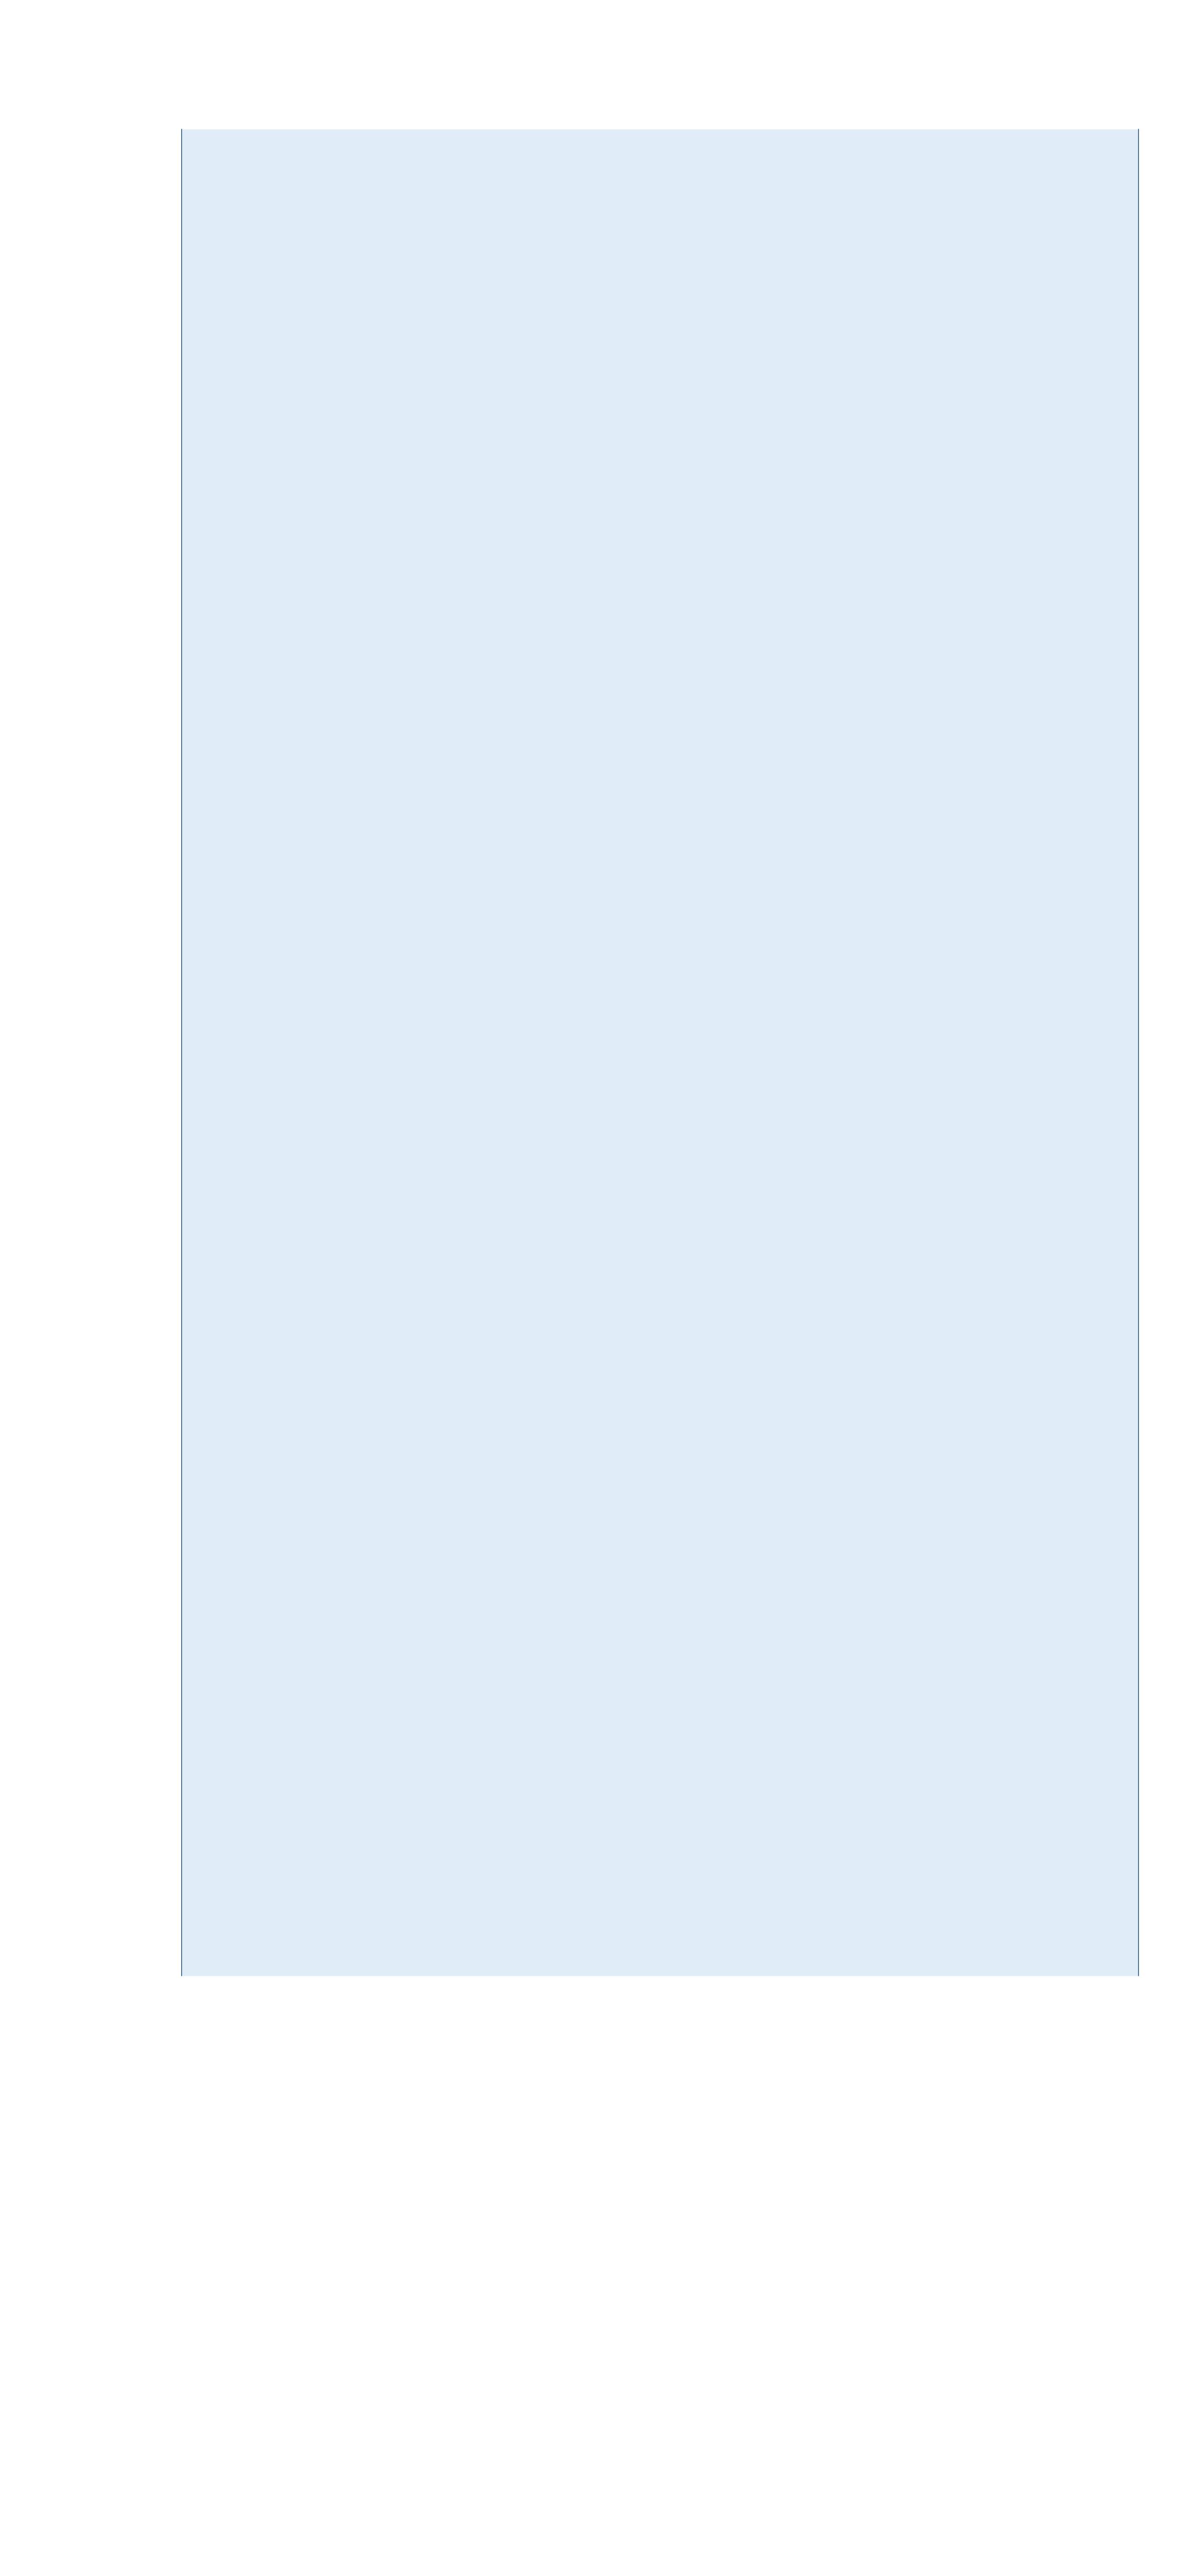

Please also refer to suggested HR PIs as stated in the HR Committee Paper which align to monitoring these actions and the development of reporting capacity in Ciphr HR Information System to deliver more targeted annual and quarterly management reports.

The risk outlined above is one of eleven generic risks adopted across the UHI partnership at the request of the UHI Court. The Inverness College risk register has been adapted to reflect these generic risks, although we do also include additional risks in our register.

Although recruitment to specialist roles can be challenging in the Highlands, the College has implemented a number of initiatives to develop some resilience and will continue to strategically use development opportunities to mitigate risk wherever possible.

Recommendation

The HR Committee is asked to discuss the employment law update and the College's ongoing legislative compliance.

Public Sector Exit Payments Capped		
Draft Public Sector Exit Payment Regulations 2016 provide that exit payments to public sector workers are capped. While arrangements have been in place for colleges through the SFC to minimise the impact of redundancy payments through a spend to save approach where the impact of the redundancy pay would be recovered over a reasonable period of time (normally three years). Up until now this has not included pension strain costs associated with early retirement. Pension strain and other contractual entitlements for example notice and holiday accrual will soon be included in the cap.	Recruitment from other public sector employers/attractiveness of VS packages and the existing moratorium on compulsory redundancies.	Review once the full legislation is published.
Furthermore public sector workers who do request and are provided voluntary severance will have the liability of repaying their severance payment in the event they secure employment with another public sector employer within 12 months. Further detail is awaited.		
Implementation date to be confirmed.

Gender Pay Gap Statutory Reporting		
While the college has published its gender pay gap information on an annual basis through our annual equality outcome reports. This year legislation has been passed to make this mandatory for all employers with more than 250 employees. The detailed guidance also requires employers to set out the relative pay for men and women for each quartile of the pay distribution along with a narrative report. The deadline for publication is the 4 April 2018.	Review calculations and presentation in line with the guidance when published. Include in Annual Gender Equality Reporting Cycle.	
National Living Wage/ National Pay and Conditions		
The government introduced a new rate of the national living wage (to replace the national minimum wage) on 1 April 2016 of £7.20 which increased on the 1 April 2017 to £7.50 per hour. The rate applies to workers aged 25 or over and further a set of hourly rates for those under 25 was published soon after.	The college is a Living Wage Employer (directly employed staff) and is anticipated to continue to be in 17/18.	
As a result of collective pay agreement for 15/16 and 16/17, the Inverness College pay model is a minimum hourly rate for all core staff (regardless of age) of £8.35 per hour effective from 1 April 2016. The living wage foundation on 31 October 2015 published a real 'living wage of £8.20 per hour for those employers who wished to gain accreditation with the living wage foundation.		
Inverness College is therefore a living wage employer in relation to our directly employed staff. To receive accreditation the college would require a commitment from contractors to 'Work towards the living wage' and to include this provision as part of the procurement processes for external contracts. APUC are reviewing this as part of their tendering arrangements for framework agreements. Our cleaning contractor has provided a commitment to

work towards living wage accreditation and has confirmed that they pay more than the national living wage to their employees.		
May 2016 - Trade Union Act 2016		
With effect from 1 March 2017 at least 50% of those eligible to vote (union members) for strike action must cast their ballot for the result to be considered legitimate with an additional threshold of 40% of those entitled to vote, voting in favour, for strike action to be legitimate.	National Pay and Conditions Negotiations.	New provision met by the EIS FELA in recent industrial action and on picket lines.
Other arrangements are also set in relation to the ballot paper and ensuring that the rationale for industrial action is clearly articulated that a minimum of two weeks' notice is provided for employers and that arrangements for picket lines includes risk assessments and a nominated and identified picket supervisor.
