Wella allergy alert procedure

It is a health & safety requirement that clients must have a Wella allergy alert test at least 48hrs prior to any hair colouring service. This procedure must be carried out within the training salons BY APPOINTMENT ONLY. If there is no change to the original consultation, this skin test is valid for 6 months.

Should you have a colour treatment at another salon or use shop bought products, you would need another allergy test before your next colour service.

No colour treatments are carried out on children under the age of 16 years.

Please note: babies or toddlers are not allowed in the salons.

We are not always able to offer all of the listed treatments as it may vary throughout the academic year in accordance with students' requirements. At times, services might have to be cancelled at short notice due to unforeseen circumstances.
