

HIGHERS

HIGHER PSYCHOLOGY

SCQF Level 6

This course is suitable for anyone with an interest in human behaviour, who is keen to explore the scientific study of mind and behaviour.

You will gain an understanding of psychological theories, concepts, research studies and methods whilst exploring various behaviours. You will also consider the ethical implications of psychological research.

Entry requirements

National 5 pass in English at A or B

You should demonstrate an interest in studying human behaviour.

Delivery

Tuesday 9am to 11am

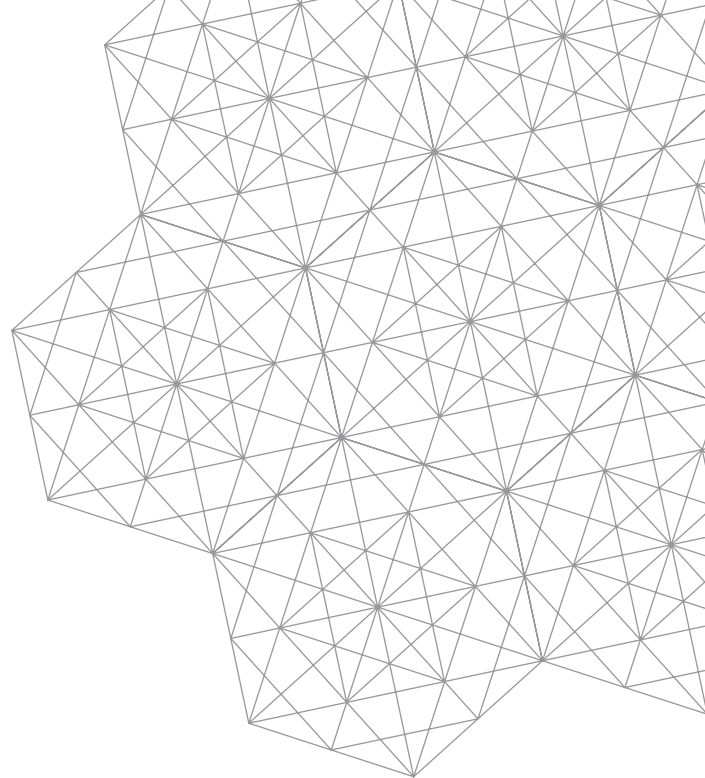

Thursday 11am to 1pm

Duration

One academic year (August/September to May/June)

Next steps

- HNC Social Sciences
- BSc (Hons) Psychology

HIGHER CHILDCARE & DEVELOPMENT

SCQF Level 6

Higher Childcare and Development enables you to understand child development and factors that influence development from pre-birth to 16. Students will study theories of development and the way these are applied to working with children and young people, and develop awareness of initiatives and strategies used to inform current childhood practice.

Entry requirements

National 5 pass in English or another literary subject and demonstrate keen interest in the sector.

Delivery

Tuesday 9am to 11am

Thursday 11am to 1pm

Duration

One academic year (August/September to May/June)

Next steps

- HNC Childhood Practice
- Modern Apprenticeship and SVQs in Social Services (Children and Young People)
